Concerning HJ0006 United States Constitution – Amendments Convention – Limitations on Federal Power

Republicans may think this is a good idea, but this convention has only happened once. When it happened, they didn't stick to original intent. Anything can happen at this convention. The saying "Be careful what you wish for" applies in this case. In today's political environment, this is a very bad idea.

I am very strongly opposed to this bill and it should be withdrawn. The progressive left is just salivating at a chance to make a new COMMUNIST constitution.

Thank you
